

Cycle Package Overview & Rates

Riverside Adventures (formerly Lake District Adventures, same management, new name) has been operating for the past 9 years. We are a family owned and operated business based at the southern end of Lake Karapiro on the Waikato River. We will have accommodation units onsite as of November 2021, meeting facilities from January 2022, and multiple options for outdoor activities. If our existing packages don't quite align with your client's needs, we can tailor make a custom package to suit.
